PROFESSIONAL EXPERIENCE

ELV Draftsman | Almana Security Services | Doha, Qatar

Jan 2023 - Present

- Prepare ELV shop, installation, coordination and as-built drawings using AutoCAD.
- Develop layouts for CCTV, Access Control, Structured Cabling, SMATV, Public Address, Intercom and other ELV systems.
- Prepare cable routing, containment, riser, schematic and equipment layout drawings.
- Coordinate ELV drawings with architectural, electrical, mechanical and civil disciplines.
- Revise drawings based on consultant/client comments and site requirements while maintaining accurate revisions.
- Ensure drawings comply with project specifications, approved designs and applicable standards.
- Support preparation and submission of CCTV-related DSA and DIA documentation through the MOI portal.

Selected Achievements

- Delivered accurate ELV shop and as-built drawings within project deadlines.
- Reduced site clashes and rework through effective multidisciplinary coordination.
- Improved drawing quality and supported consultant approvals through accurate layouts and detailed documentation.
- Supported site teams with clear installation drawings and technical clarifications.

CCTV Draftsman | Multi Media Security Services | Muaither, Qatar

Feb 2022 - Jan 2023

- Prepared CCTV shop, installation and as-built drawings using AutoCAD.
- Developed camera layouts, coverage areas, viewing angles and mounting details.
- Prepared cable routing, containment, riser, schematic and single-line diagrams.
- Coordinated CCTV layouts with architectural, electrical and other ELV systems.
- Checked camera locations, cable routes, equipment rooms and NVR/server rack layouts.
- Revised drawings based on consultant/client comments and maintained drawing revisions.
- Coordinated with site engineers to resolve installation and drawing issues.

SELECTED PROJECT EXPERIENCE

Ritz-Carlton, Al Messila, Sheraton & Sharq Village & Spa - Doha, Qatar

- Prepared and managed CCTV shop drawings, installation drawings, coordination drawings and as-built drawings for major hospitality projects.
- Prepared detailed camera layouts, coverage plans, cable routing, equipment locations and installation details.
- Managed CCTV camera closure and suspension activities and coordinated updates with site teams and consultants.
- Updated drawings according to site conditions and project requirements.
- Prepared and uploaded DSA and DIA documentation through the MOI portal, supporting submission tracking and authority compliance.
